for a better world™

Authorized Channel Partner

Your Trusted Automation Partner

Total Automation Solution Under One Roof
20 Years of Expertise in Automation

Welcome to **Axis Controls, an ISO Certified Company**, your trusted partner in industrial automation with nearly 20 years of expertise. As an authorized channel partner of ABB, we provide top-tier solutions in VFDs, PLCs, servo drives & switchgears, ensuring reliability and innovation in every project. We specialize in building custom automation panels and offer comprehensive services for PLC and SCADA systems, helping businesses enhance operational efficiency and control.

With a proven track record in the field, our mission is to deliver cutting-edge automation solutions that optimize your processes and drive long-term success. Let's collaborate to take your automation to the next level.
